Elevating Racquet Sports Ecosystem Together: Explore the New SFN Website!

We are excited to announce the launch of our revamped SFN website at www.squashfacilities.com!

Recognizing the growing trend towards **multi-racquet facilities** worldwide, we've redefined our **vision** and **mission**. Our updated platform underscores the need for **collaboration**, **innovation**, and **open conversations**, fostering new products, groundbreaking programs, and crucially, attracting **new players** into our racquet sports ecosystem.

The sustainability and growth of our industry are no longer dependent on just one sport—it's a **collective effort**. Together, all racquet sports are setting **higher standards**, driving **community engagement**, and ensuring **vibrant futures**.

On this journey, we are proud and humbled to have been recognized with the **Corporate LiveWire Innovation & Excellence Award 2025** as '**Sporting Association of the Year**'. In this context, **SFN** wishes to sincerely thank all the **experts** and **authors** whose valuable contributions have significantly supported our mission and helped achieve this recognition. While we deeply appreciate this honor, our true focus remains on connecting **players**, **facility owners**, **innovators**, and **enthusiasts** to ensure lasting success for everyone involved in racquet sports.

Visit our new website, join the conversation, and let's continue raising the bar—together!
